

cereals
FIELD FACTS**WYALKATCHEM**
WHEAT**FEATURES**

- High yielding mid-season maturity with a wide area of adaptation
- Similar high yields to Westonia (10% higher than Spear)
- Australian Premium White Wheat – WA, SA, SNSW
- Australian Standard White - VIC
- Very good resistance to leaf, stem and stripe rust
- Short straw variety that makes greater ease of handling stubble
- Low screenings and low black point

DISEASE RESISTANCE

Wyalkatchem is resistant to Leaf Rust, moderately susceptible to Stripe Rust and Yellow Spot, moderately susceptible to Stem Rust and moderately resistant to Black Point.

YIELD RESULTS – 2005 NVT RESULTS

	2005 NVT Wheat Trial Results (Average Tonne / Hectare)				
	VIC	SA	SA	SA	SA
Variety	Mallee (9 sites)	Yorke Pen. (3 sites)	Eyre Pen. (7 sites)	Murray Mallee (6 sites)	Mid Nth (4 sites)
