

Finding information about new varieties

This fact sheet will help you find information about new varieties. Summary information such as the breeder and marketer can be found here as well as links to the variety brochures. The variety brochures may be found at an external site. To go back to the National Varieties, go to www.nvtonline.com.au

1 Click on **Varieties** and move the mouse down to **New Varieties**.

2 View **general information** about new varieties or click the **link** to view the fact sheet of choice.

Click the **headings** or scroll down to see other crops.

Variety	Plant Breeder's Rights & End Point Royalty	Breeder	Marketer	Comment	More information
